

Who will be working on your units charter renewal this year?

We would like to make your rechartering process as easy as possible.

To accomplish this, we need your help. We will need the contact information for the person in your unit that will be responsible for the on-line recharting process. This person should also be the contact to work with our district team when completing the October unit inventories. Both processes are essential to a successful rechartering. Please submit your entry by September 23<sup>rd</sup> using the following link:

[Submit Charter Renewal Point of Contact \(Click Here\)](#)

Also, attached you will find some pertinent information regarding the charter renewal. Please contact me if you have any questions.

Yours in Scouting,
