

Camper Discounts and Camp Cards Process

The online registration can apply discounts and Camp Card sales preventing families from pre-paying for camp and later receiving a refund. Please select the discount(s) that applies to each specific Scout. Any selected discounts will be in pending status until verified and confirmed by the Mid-America Council. **With the exception of the camp cards incentive, the total amount of discounts cannot exceed \$200.**

- **Camp Cards** – Select and enter \$300 if the Scout is working towards free summer camp incentive through Camp Card sales. (This requires additional paperwork to be submitted to the Mid-America Council and cannot be combined with any other discounts.)
- **Multi-Week Discount** - Select and enter \$50 if this is the Scout's second or more week at Camp Cedars or Tri-State High Adventure Base in 2018. (does not apply to the Scout's first week of camp)
- **MAC High Adventure Contingent Discount** - Select and enter \$100 if this Scout is also attending a National High Adventure Base with a Mid-America Council contingent in 2018.

In the online registration click the Attendee tab, select the Scout's name to extend the options, and scroll down to the discount options. Check the discount(s) that apply and enter the amount(s).

Campership Applications:

If scouts don't qualify for these discounts but still need financial help, the Mid-America Council has a solution. The Council offers "Camperships" which work like scholarships to cover a portion of a scout's summer camp fees. Campership applications are due by April 6 and will be applied in the registration by April 13. Camperships are only offered to registered Mid-America Council Scouts.

If you're looking for the **sibling discount**, please apply for a campership.
